Galaxy S26 Series
Galaxy AI ✨

The world's first privacy display built into a phone

Privacy Display[1] on Galaxy S26 Ultra allows you to keep your screen visible to you but less readable to those beside you whenever you want.

Remove the mess. Restore the magic.[2]

Photo Assist[2] with Galaxy AI[3] enhances any shot in seconds. Add objects, restore details, reframe your photo or apply new styles — everything blends naturally with Galaxy AI.

Make it. Edit it. Share it.

From playful illustrations to 3D cartoons, add fun to your everyday moments — whether it's a special contact photo, an invitation or more.[3, 5]

Memorable nights, clearly captured

Low light? No problem. Capture clear videos filled with vibrant detail using Nightography on Galaxy S26 Ultra, built with our brightest capture and most advanced processor yet.

Smart suggestions.[4] Brilliant timing.

Stay in the moment and let Galaxy S26 Series do the heavy lifting. Now Nudge with Galaxy AI[3] gets you information[4] when you need it — and sometimes, before you even know you need it.

Fast. Powerful. AI ready.

Power through your day with AI-accelerated performance from our fastest, smoothest and most powerful processor yet.
