USB 3.0 (USB 3.2 Gen 1) Type-A/Type-C Male/Female Conversions, 5 Gbps SuperSpeed USB, 3 A, Aluminum, Black/Space Gray

Part No.: 356329

EAN-13: 0766623356329 | UPC: 766623356329

Type-C and Type-A Adapters in a convenient 2-piece combo set - connect more devices in both directions

The Manhattan USB-A to USB-C Adapter lets you connect standard USB-C accessories (e.g., USB hubs, external hard drives, sync/charging cables, etc.) to your USB-A-equipped computer - a welcomed ability if you have an older model or your USB-C ports are already in use. Measuring only 31 mm (1.2 in.) in length, this passive adapter easily fits into a small pocket of your laptop bag for easy travel. With charge and sync capabilities up to 3 A and 5 Gbps respectively, you can quickly and easily keep your device ready for what's next.

The Manhattan USB-C to USB-A Adapter lets you connect standard USB 3.0 and USB 2.0 devices (e.g., mice, keyboards, thumb drives, printers, etc.) to your USB-C-equipped phone, tablet or computer, which is quite a rare connectivity option on modern laptops or MacBooks®. Measuring only 31 millimeters (1.2 in.) in length, this passive adapter is designed with portability and simplicity in mind. Your device stays ready to serve you with respective charge and sync capabilities up to 3 A and 5 Gbps.

Universal compatibility for easy installation

Both adapters will work with a wide range of computers because they require no additional software or drivers. They also work with various operating systems such as Windows®, macOS®, Linux and Chrome OS, so they are multi-platform compatible.

Features:

- Set of two adapters for a versatile USB connectivity solution
- Easily connects a USB-A or USB-C device to a USB-A or USB-C port
- USB 3.2 Gen 1 compliant (formerly USB 3.0) with SuperSpeed transfer rates up to 5 Gbps
- Ideal for connecting old and new Type-A accessories like keyboards, mice, USB sticks, card readers, printers and more
- Ideal for connecting Type-C accessories like USB hubs, external hard drives, sync/charging cables and more
- Works with any compatible USB host device such as a PC, laptop, tablet, smartphone, MacBook®, Chromebook™, Surface®, iPad® Pro and more
- Supports current up to 3 A
- Backward compatible with USB 2.0
- Ultra-compact, portable and lightweight design for easy travel
- Built-in keychain loop
- Durable aluminum housing
- Bus powered: no external power supply needed
- Plug-and-play installation; Windows®, macOS®, Linux®, Chrome OS™, iPadOS® and Android™ compatible
- Supports hot swapping
- Supports only USB data transfer and charging - does not support audio/video signal transmission
- Lifetime warranty

Specifications:

Standards and Certifications
- CE
- RoHS
- REACH
- UKCA

Connections USB-C to USB-A Adapter
- One USB-C 24-pin, male
- One USB-A 9-pin, female
- Nickel-plated contacts

Connections USB-A to USB-C Adapter
- One USB-A 9-pin, male
- One USB-C 24-pin, female
- Nickel-plated contacts

Electrical
- Withstanding voltage: 300.0 V DC 10 ms

- Insulation resistance: 5 MOhm
- Contact resistance: 2 Ohm
- Supported current: 3.0 A

Physical - USB-C to USB-A Adapter
- Dimensions (L x W x H): 31 x 24 x 10 mm (1.22 x 0.94 x 0.39 in.)
- Net weight: 5 g (0.18 oz.)
- Rubberized aluminum housing

Physical - USB-A to USB-C Adapter
- Dimensions (L x W x H): 31 x 15 x 10 mm (1.22 x 0.59 x 0.39 in.)
- Net weight: 5 g (0.18 oz.)
- Rubberized aluminum housing

Physical - General
- Total gross weight: 23 g (0.81 oz.)

Operating Environment
- Operation temperature: 0 - 40°C (32 - 104°F)
- Storage temperature: -10 - 85°C (14 - 185°F)
- Humidity (noncondensing): 10 - 90% RH

System Requirements
- Windows 7/8.1/10/11, Linux, Chrome OS, macOS, iPadOS or Android
- NOTE: Supports only USB data transfer and charging - does not support audio/video signal transmission
