IMPORTANT SAFETY INSTRUCTIONS

HOUSEHOLD USE ONLY

To reduce the risk of electric shock, this vacuum cleaner has a polarized plug (one blade is wider than the other). As a safety feature, this plug will fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. DO NOT force into outlet or try to modify to fit.

⚠ WARNING

TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK OR INJURY:

GENERAL WARNINGS

1. Your vacuum cleaner may consist of a motorized nozzle, wand, hose, and/or vacuum pod. This device contains electrical connections, electrical wiring, and moving parts that potentially present risk to the user.
 2. Use only identical replacement parts.
 3. Carefully observe and follow the instructions provided below to avoid improper use of the appliance. **DO NOT** use the vacuum for any purpose other than those described in this manual.
 4. Before use, carefully inspect all parts for any damage. **DO NOT** use if any parts are damaged.
 5. The use of an extension cord is **NOT** recommended.
 6. This vacuum cleaner contains no serviceable parts.
- #### USE WARNINGS
7. **DO NOT** allow the appliance to be used by children. Close supervision is necessary when used near children. This is not a toy.
 8. Always turn off the vacuum cleaner before connecting or disconnecting any motorized nozzles or other accessories.
 9. **DO NOT** handle plug or vacuum cleaner with wet hands.
 10. **DO NOT** use without filters in place.
 11. Only use Shark® branded filters and accessories. Failure to do so will also void the warranty.
 12. **DO NOT** damage the power cord:
 - a) **DO NOT** pull or carry vacuum cleaner by the cord or use the cord as a handle.
 - b) **DO NOT** unplug by pulling on cord. Grasp the plug, not the cord.
 - c) **DO NOT** run the vacuum cleaner over the power cord, close a door on the cord, pull the cord around sharp corners, or leave the cord near heated surfaces.
 13. **DO NOT** put any objects into nozzle or accessory openings. **DO NOT** use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce airflow.
 14. **DO NOT** use if nozzle or accessory airflow is restricted. If the air paths or the motorized floor nozzle become blocked, turn the vacuum cleaner off and unplug from electrical outlet. Remove all obstructions before you plug in and turn on the unit again.
 15. Keep nozzle and all vacuum openings away from hair, face, fingers, uncovered feet, or loose clothing.
 16. **DO NOT** use if vacuum cleaner is not working as it should, or has been dropped, damaged, left outdoors, or dropped into water.

SAVE THESE INSTRUCTIONS

READ ALL INSTRUCTIONS BEFORE USE

17. Use extra care when cleaning on stairs.
18. **DO NOT** leave the vacuum cleaner unattended while plugged in.
19. When powered on, keep the vacuum cleaner moving over the carpet surface at all times to avoid damaging the carpet fibers.
20. **DO NOT** place vacuum cleaner on unstable surfaces such as chairs or tables.
21. Your Shark® Vacuum may not be designed to stand up on its own. When taking a break from cleaning, you may need to lean it against furniture or a wall, or lay it flat on the floor. Using the vacuum for an application where the unit lacks stability may result in personal injury.
22. **DO NOT** use to pick up:
 - a) Liquids
 - b) Large objects
 - c) Hard or sharp objects (glass, nails, screws, or coins)
 - d) Large quantities of dust (drywall dust, fireplace ash, or embers). **DO NOT** use as an attachment to power tools for dust collection.
 - e) Smoking or burning objects (hot coals, cigarette butts, or matches)
 - f) Flammable or combustible materials (lighter fluid, gasoline, or kerosene)
 - g) Toxic materials (chlorine bleach, ammonia, or drain cleaner)
23. **DO NOT** use in the following areas:
 - a) Poorly lit areas
 - b) Wet or damp surfaces
 - c) Outdoor areas
 - d) Spaces that are enclosed and may contain explosive or toxic fumes or vapors (lighter fluid, gasoline, kerosene, paint, paint thinners, mothproofing substances, or flammable dust)
24. Turn off all controls before plugging in or unplugging the vacuum.
25. Unplug from electrical outlet when not in use and before any maintenance or cleaning.
26. Hand wash with water only. Washing with cleaning chemicals could damage the unit.
27. During cleaning or routine maintenance, **DO NOT** cut anything other than hair, fibers, or string wrapped around the brushroll.
28. Allow all filters to air-dry completely before replacing in the vacuum to prevent liquid from being drawn into electric parts.
29. Make sure the dust cup and all filters are in place after routine maintenance.
30. If provided, secure the power cord around the two cord hooks during storage.

GETTING TO KNOW YOUR SHARK® ROCKET™ MC

WELCOME!

Congratulations on your purchase. Use this instruction manual to learn about your new vacuum's great features. From assembly to use to maintenance, you will find it all in here.

MAIN UNIT

- A** Power Switch
- B** Handheld Vacuum
- C** Handheld Vacuum Catch
- D** Dust Cup Release
- E** Wand Release
- F** Cord Hooks
- G** Wand
- H** Handheld Vacuum Storage Hook
- I** Nozzle Release
- J** Motorized Floor Nozzle
- K** Wall Mount

ASSEMBLING YOUR VACUUM

NOTE: Before vacuuming your delicate area rugs or carpet, refer to the manufacturer's recommended cleaning instructions.

STEP 1

- 1 Insert the wand into the motorized floor nozzle connector until it clicks into place.

STEP 2

- 2 Insert the handheld vacuum into the top of the wand until it clicks into place.

CHOOSING THE APPROPRIATE SETTING

Slide the Power switch on the handheld vacuum to the appropriate speed setting.

Bare Floor, Area Rugs (I) – The brushroll spins slowly to clean bare floors and delicate area rugs.

High Pile Carpets (II) – The brushroll spins faster to pick up debris below the surface of your carpets.

NOTE: For deep cleaning per ASTM F 608 (embedded dirt in carpets) please ensure switch is set to High Pile Carpets (II).

USING YOUR VACUUM IN ABOVE-FLOOR MODE

WAND

STEP 1

- 1 While holding the vacuum upright, push the Nozzle Release button and pull the wand up to disconnect it from the floor nozzle.

STEP 2

- 2 Attach desired cleaning accessory.

HANDHELD

STEP 1

- 1 Press the Wand Release button on the top of the wand to disconnect it from the handheld vacuum.

STEP 2

- 2 Attach desired cleaning accessory.

STORAGE

OPTION 1

- 1 Press the Wand Release button on the top of the wand to release the handheld vacuum. Align the catch on the bottom of the handheld vacuum with the storage hook on the wand. Slide handheld vacuum down so that the catch hangs from the storage hook.

OPTION 2

- 2 Use the included wall mount. Drill two 5/16" holes and insert plastic anchors* into the wall. Using a Philips screwdriver, screw the wall mount into the plastic anchors. Hook the catch on the bottom of the handheld vacuum onto wall mount.

*Plastic anchors and screws sold separately.

TIP: If your unit came with an accessory bag, you can hang the bag on the wall mount with the vacuum.

ACCESSORIES

There are a variety of accessories that are compatible with this vacuum series.

The top flap of your box shows the select accessories that are included with your model.

To purchase additional accessories, go to sharkclean.com

A 12" Crevice Tool

Clean in tight spaces or reach baseboards and ceilings with this slim crevice tool.

B Wide Upholstery Tool

Perfect for grabbing pet hair and lint from furniture and other upholstered surfaces.

C Dusting Brush

Dust a multitude of surfaces such as shelves, baseboards, window/door frames, and much more. Turn the brush head to adjust the angle to the surface you're cleaning.

D Home & Car Detail Kit

Extension tubes and micro-tools clean the tightest spaces. Use the tool on car vents, keyboards, or other hard-to-reach areas.

E Dust-Away® Hard Floor Attachment with Microfiber Pad

Direct suction for cleaning big crumbs and debris. The washable, reusable microfiber pad dusts hardwood and tile floors.

F Hard Floor Hero™

Provides outstanding hard floor cleaning not just for surface litter, but also for stuck-on dust and debris. It is small enough to get into hard-to-reach areas.

G Under-Appliance Wand

Clean under and behind hard-to-move appliances and furniture with this adjustable 36" tool. Flip the extension piece over to clean the underside of appliances.

MAINTAINING YOUR VACUUM

IMPORTANT: Clean the dust screen inside the dust cup as required.

NOTE: Empty dust cup when debris reaches the MAX fill line.

EMPTYING THE DUST CUP

- 1 Press the Wand Release button on the top of the wand to disconnect it from the handheld vacuum.
- 2 Position the handheld vacuum so the dust cup is over a trash bin and press the "Empty" button on the front. The bottom lid will open, allowing the debris to fall out.
- 3 Once dust cup is empty, close the bottom lid.

RECOMMENDED FILTER CLEANING SCHEDULE:

Pre-Motor Filter Kit

(Foam & Felt)

XFFV300

Clean once a month.

Post-Motor Filter

XFFV300

Clean once a year.

IMPORTANT: If more cleaning is needed, rinse filters with water only and let them air-dry completely.

CLEANING THE FILTERS

1 Pre-Motor (foam and felt):

Access the foam and felt filters by lifting the latch on the top of the handheld vacuum. Remove and rinse the filters with water. Tap loose dirt off filters between washes as needed. Once completely dry, insert the felt filter first, then place the foam filter on top of it.

2 Post-Motor:

Lift off the post-motor filter cover below the handle of the handheld vacuum. Remove the filter, rinse it with water only, and let it air-dry completely. Replace the filter, then close the cover, pressing it until it clicks into place.

MAINTAINING YOUR VACUUM - Continued

TIP: Ensure the bottom of the floor nozzle is completely sealed and locked before using.

TIP: You do not need any tools to open the floor nozzle—just a coin.

CHECKING FOR BLOCKAGES: HANDHELD AND WAND

- 1 Remove the wand from the handheld vacuum and check all dust cup intake openings.
- 2 Remove the floor nozzle from the wand and check the wand for blockages.

BOTTOM OF FLOOR NOZZLE

- 1 Use the edge of a coin to open the three locks on the bottom of the floor nozzle.

- 2 To access the brushroll, remove the cover from the bottom of the floor nozzle. Shine a flashlight into the nozzle to check for possible blockages.

- 3 Run scissors along the groove in the brushroll to cut or clear away any string, carpet fibers, hair, or other debris.

- 4 To reinstall the cover, line it up, then rotate down until it clicks into place. Use the edge of a coin to close the three locks on the bottom of the nozzle.

Vacuum is not picking up debris. No suction or light suction. (Refer to Maintenance section for more information.)

- Check filters to see if they need cleaning. Follow instructions for rinsing and completely air-drying the filters before reinserting in the vacuum.
- Dust cup may be full; empty dust cup.
- Check floor nozzle for blockages; clear blockages if required.
- Remove any string, carpet fibers, or hair that may be wrapped around the brushroll.

Vacuum lifts area rugs.

- Suction is powerful. Take care when vacuuming area rugs or rugs with delicately sewn edges.
- Turn off the unit to disengage the brushroll. To restart, slide the Power switch to the Bare Floors, Area Rugs setting.

Brushroll does not spin.

- If Brushroll Indicator Light on the floor nozzle turns red, the brushroll has stopped spinning. Immediately turn off and unplug vacuum and remove blockage. Plug back into electrical outlet and turn vacuum on.
- If Brushroll Indicator Light on the floor nozzle is green, the blockage has been successfully cleared. If the light is still red, please contact Customer Service at 1-800-798-7398.

Dust cup bottom lid comes off.

- If the dust cover lid has been knocked off, reattach it by inserting the back of the lid into the metal rod attachment on the dust cup. Press until it clicks into place. Make sure the lid closes and seals completely.

Vacuum turns off on its own.

This vacuum is equipped with a motor-protective thermostat so it will shut off if it overheats. Should this occur, perform the following steps to restart the motor-protective thermostat:

1. Turn vacuum off and unplug it.
2. Empty dust cup and clean filters (see Maintenance section).
3. Check for blockages in hose, accessories, and inlet openings.
4. Allow unit to cool for a minimum of 45 minutes.
5. Plug in vacuum and turn it on.

The 5-Year Limited Warranty applies to purchases made from authorized retailers of **SharkNinja Operating LLC**. Warranty coverage applies to the original owner and to the original product only and is not transferable.

SharkNinja warrants that the unit shall be free from defects in material and workmanship for a period of 5 years from the date of purchase when it is used under normal household conditions and maintained according to the requirements outlined in this instruction manual, subject to the following conditions and exclusions.

What is covered in my warranty?

1. The original unit and/or non-wearable components deemed defective, in SharkNinja's sole discretion, will be repaired or replaced for up to 5 years from the original purchase date.
2. In the rare event that a replacement unit is issued, the warranty coverage ends six months following the receipt date of the replacement unit or the remainder of the existing warranty, whichever is greater. If the unit is replaced, SharkNinja reserves the right to replace the unit with one of equal or greater value.

What is not covered in my warranty?

Our Customer Service/Product Specialists are available to provide all the warranty service options available to you including the possibility of upgrading to our VIP Warranty Service Options for select product categories.

1. Normal wear and tear of wearable parts such as foam filters, HEPA filters, pads etc., which require regular maintenance and/or replacement to ensure the proper functioning of your unit are not covered by this warranty.
2. Any unit that has been tampered with or used for commercial purposes.
3. SharkNinja will cover the cost for the customer to send in the unit to us for repair or replacement. A fee of \$19.95 for return shipping costs will be charged at the time of return shipment of the repaired or replacement unit. Our Customer Service/Product Specialists are available to provide all the warranty service options available to you including upgrading to our VIP Warranty Service Options.
4. Damage caused by misuse, abuse, or negligent handling, or damage due to mishandling in transit.
5. Consequential and incidental damages.
6. Defects caused by or resulting from damages from shipping or repairs, service, or alteration to the product or any of its parts which have been performed by a repair person not authorized by SharkNinja.
7. Products purchased, used or operated outside of North America.

Problems with your unit/How to get service

If your appliance fails to operate properly while in use under normal household conditions within the warranty period, visit sharkclean.com for product care/maintenance self-help. Our Customer Service/Product Specialists are also available at 1-800-798-7398 to assist with product support and warranty service options.

How to initiate a warranty claim

You can call 1-800-798-7398 to have a Customer Service/Product Specialist assist you. Please note you must call 1-800-798-7398 to initiate a warranty claim. Return and Packing Instruction information will be provided at that time.

For Customer Service hours, visit sharkclean.com.

Replacement parts are available for purchase at sharkaccessories.com. For more information on which parts are classified as wearable or non-wearable, please visit sharkclean.com/warranty.

This warranty gives you specific legal rights, and you also may have other rights that vary from state to state.

Some states do not permit the exclusion or limitation of incidental or consequential damages, so the above may not apply to you.
