

DREAMFINITY HYBRID

13.75" HYBRID 3 FIRM

DREAMFINITY

THE BUILD

COOLING COVER

Cool to the touch cover to help dissipate heat, improve airflow and resist moisture absorption.

2" THERAGEL™ MEMORY FOAM

Combines the body-conforming of memory infused with copper, silver, and graphite for enhanced cooling and antimicrobial benefits.

1" PERPETUA™ LATEX

Latex infused with copper and gel delivers responsive, pressure-relieving comfort with cooling performance and copper-enhanced freshness for a supportive and breathable sleep experience.

2.5" HD SUPPORTIVE FOAM

Medium-feel upholstery foam layers designed to gently conform to your body's contours while delivering long-lasting support and resilience.

8" 789 5-ZONED ENCASED INNERSPRINGS

Features individually wrapped coils to deliver targeted comfort, enhanced durability, reduced motion transfer, and a more usable sleep surface from edge to edge.

QUANTUM EDGE™

Coil Edge System reinforces the perimeter of the mattress to deliver stronger edge support, improved stability, and a more usable sleep surface for lasting comfort and durability.

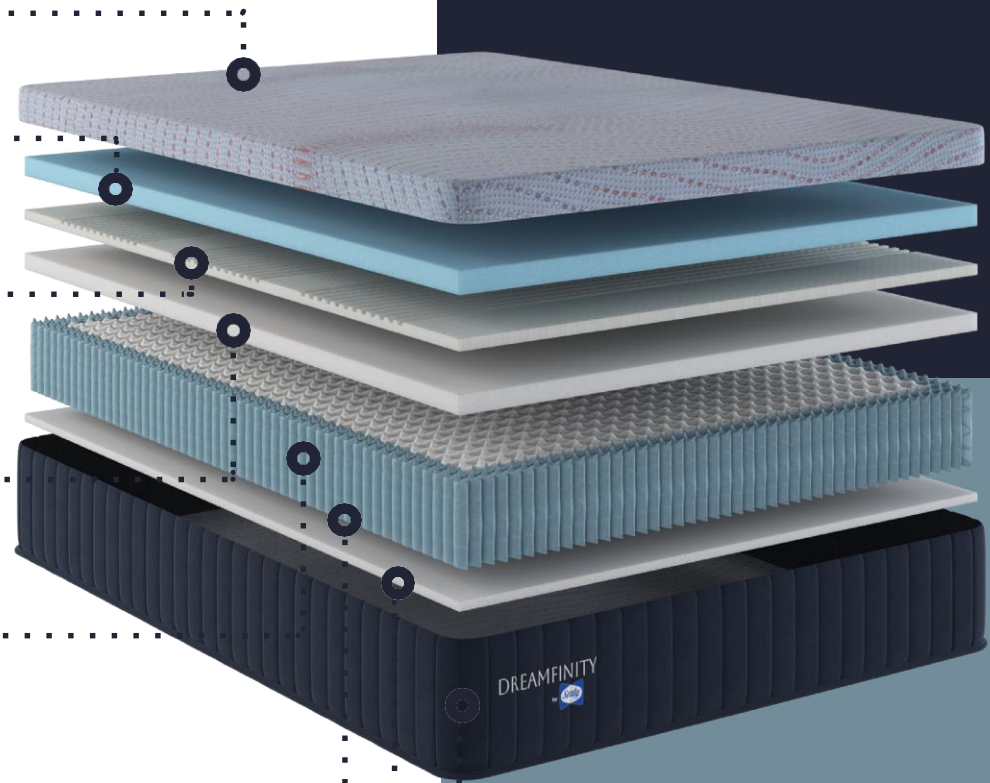

HYBRID DESIGN

Best of both worlds that combines the pressure-relieving comfort of foam with the responsive support of an innerspring system.

ADJUSTABLE BASE FRIENDLY

Engineered to personalize your sleep position for enhanced comfort and relaxation.
