ADVANTAGES

SUPERIOR MOISTURE RESISTANT

The finish of all Perdue furniture is laminated with an energy-cured polyurethane top coat. This top coat combined with the hot melt adhesives during the manufacturing process produces a superior moisture resistant surface.

BENCH MADE FULLY ASSEMBLED

Every piece of Perdue furniture is crafted by a dedicated team of builders, ensuring the attention to detail and quality that your customers anticipate. To enhance accountability, each furniture piece is personally signed by the builders and assigned a unique serial number for effective product tracking.

In crafting our furniture, we use a generous amount of steel staples, along with white and hot-melt glue during the assembly process. At Perdue, our focus is on constructing high-quality, sturdy furniture.

PACKAGING & DISTRIBUTION

Perdue has designed a packaging system that prioritizes both product protection and environmental responsibility. We utilize impact-absorbing Styrofoam strategically to safeguard vulnerable areas. Depending on the item, it is either securely enclosed in a cardboard box or framed by cardboard and wrapped in plastic. Additionally, for an economical option, we offer blanket-wrapped delivery.

Perdue Furniture is fully assembled and delivered direct from our factory to your location, allowing Perdue to offer responsive delivery with small minimum orders.

Perdue's price lists feature Landed Prices, include all transportation costs for your convenience.
