Features & Benefits

Clever energy Your fridge adapts to daily use by cooling and defrosting only when needed. This means your fridge uses the energy it needs without compromising on food care.
Humidity control Your fruit and veges need different environments. The humidity control slides in each storage bin create a microclimate that helps keep food fresher for longer.
Easy cleaning No more permanent dirty marks with our EZKleen feature for stainless steel fridges. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.
Design quality Our fridges are designed and built using quality materials. We use real stainless steel on our fridges and solid glass for shelving.

Efficient ActiveSmart™ refrigerators intelligently adapt to daily use to save energy, cooling, defrosting and using energy only when they need to, without compromising on food care.
