# STORAGE

2 EASY OPTIONS

Attach the hand vac to the bottom of the extension wand then wrap the cord around the provided cord hooks.\*

Dock and store the unit using the wall mount.

# FILTER

## CLEANING

To maintain optimal performance, clean filters regularly. Rinse with water and let dry completely. To remove loose debris between washings, gently tap the filter into a trash receptacle.

\*Rest the vacuum against furniture or lay flat on the floor. Non-scratch rubber housing protects floors from scratching.
