FREEMOTION.

AN INTERACTIVE CONNECTED FITNESS EXPERIENCE*

The 24 SERIES allows your members to explore the world right from the cardio floor, giving them a sense of excitement, adventure and escapism. Powered by iFIT, this game-changing, content-driven cardio line keeps users engaged and motivated through thousands of uniquely immersive, coach-led workouts. With breathtaking imagery, insightful coaching, and auto-adjusting technology, the 24 SERIES delivers an immersive and interactive cardio experience that's second to none.

REDEFINED THE CONNECTED CARDIO FLOOR

A COMPLETE INTERACTIVE CARDIO LINE

This complete line of iFIT-powered cardio equipment gives exercisers access to a world-class workout experience, regardless of which cardio equipment they prefer.

STREAM WHILE YOU SWEAT

We've added streaming services you can watch or listen to while working out. Catch up on your favorite shows while catching up on your step count or listen to your favorite playlist for an added boost.

HD CAPACITIVE TOUCHSCREEN

The stunning 1080p ISP LCD screen will continue displaying content beautifully while responding to every touch for years to come, thanks to the high-durability of this capacitive, long-lasting touchscreen.

AUTO-ADJUSTING TECHNOLOGY

Each interactive workout allows the coach to remotely adjust the incline, decline, speed, and/or resistance of the machine to mirror the on-screen content, creating an immersive and engaging training experience.

250+ WORLD-RENOWNED COACHES

Exercisers train with an extensive combination of elite coaches – including Olympic champions, professional athletes, marathoners, physical and mental therapists, celebrities, and historians.

MORE THAN A PERSONAL COACH

Users virtually travel to unique destinations with guides who share insightful historical information that transform the workout into an engaging and educational experience

WORKOUT ANYWHERE. ANYTIME.

Run, walk, or bike anywhere in the world with Google Maps. Exercisers can create a route, and iFIT will automatically adjust the machine to match the workout destination's terrain. They can explore trendy neighborhoods or rediscover familiar ones, only on the 22 SERIES.

BEST-IN-CLASS EGYM INTEGRATION

EGYM Coach delivers personalized fitness plans that sync directly to your machine, combining intelligent Trainer Prescriptions with iFIT's rich workout library for a seamless, premium experience far beyond basic 3- or 5-star integrations.
