

GE® 7.4 cu. ft. Capacity Gas Dryer with Up To 120 ft. Venting and Sensor Dry

Model# GTD58GBSVWS

- **Sensor Dry** - This dryer with moisture sensor continually monitors temperature and moisture to determine the appropriate drying time to protect your laundry and prevent over-drying.
- **My Cycle Setting** - Make laundry simpler by saving your favorite dryer settings as a preset for future use with the My Cycle setting
- **Eco Dry** - Save energy and money on your utilities with the Eco Dry Dryer that reduces dry temperatures on select cycles without sacrificing performance
- **High Performance Venting** - Powerful airflow offers long-lasting performance from lint build-up and offers venting solutions up to 120 feet for greater installation flexibility
- **Wrinkle Care** - Minimize wrinkles with an extended tumble dryer that will continue to tumble with no heat to keep wrinkles from setting in after the dry cycle is complete.
- **Damp Alert** - Immediately know when clothes reach the ideal dampness level for ironing or air drying with this Damp Alert dryer.
- **Custom Dry Settings** - 10 custom dryer settings support a variety of specialty settings to protect clothing from unnecessary wear and tear.
- **Approx. Dimensions (in.)** - 46 H x 27 W x 30 1/2 D
- **Up Front Lint Filter** - Simplify the task of lint removal with our convenient upfront lint filter, enhancing airflow within the appliance and for your garments.

FEATURES
