WE'RE MAKING OUR PACKAGING MORE SUSTAINABLE

We're transitioning from single-use plastic to paper-based packaging. As we progress, you may find a mix of paper and plastic in our boxes.

NOUS RENDONS NOS EMBALLAGES PLUS DURABLES

Nous passons des emballages en plastique à usage unique aux emballages à base de papier. Durant la transition, vous pourriez trouver un mélange de papier et de plastique dans nos boîtes.

QUEREMOS HACER MÁS SUSTENTABLES NUESTROS MATERIALES DE EMBALAJE

Estamos cambiando las bolsas de plástico desechables por bolsas con base de papel. Conforme avanzamos en este propósito, puedes encontrar una mezcla de papel y de plástico en nuestras cajas.

LEGO® Builder

A QUARTER MILE AT A TIME

Cars say a lot about their owners. For Dominic Toretto in *The Fast and the Furious* (2001), the sleek, aggressive 1970 Dodge Charger R/T embodies everything that's important to him: his passion for speed, raw power, family legacy and loyalty. The V8 engine even mimics Dom's gruff voice, and its destructive 'final' race marks a point of no return for him. The moment offers Dom a chance of freedom and redemption, determining his future in the saga. As you build Dom's fierce, modified version of the All-American muscle car in LEGO® Technic™ form, we hope you'll seize the 'quarter mile' spirit.

QUATRE CENTS MÈTRES À LA FOIS

Les voitures en disent long sur leurs propriétaires. Pour Dominic Toretto dans *Rapides et dangereux* (2001), l'élégante et agressive Dodge Charger R/T de 1970 incarne tout ce qui est important pour lui : sa passion pour la vitesse, la puissance brute, l'héritage familial et la loyauté. Le moteur V8 imite même la voix rauque de Dom, et sa « dernière » course destructrice marque pour lui un point de non-retour. Ce moment offre à Dom une chance de liberté et de rédemption, déterminant son avenir dans la saga. En construisant la version modifiée et fougueuse de la voiture américaine musclée de Dom sous forme LEGO® Technic™, nous espérons que vous adopterez vous aussi l'esprit des « 400 mètres ».

UN CUARTO DE MILLA A LA VEZ

Los autos dicen mucho de sus propietarios. En *Rápido y furioso* (2001), el elegante y agresivo Dodge Charger R/T de 1970 representa todo lo que es importante para Dominic Toretto: su pasión por la velocidad y la potencia salvaje, el legado de su familia y la lealtad. El rugido del motor V8 incluso nos recuerda su grave voz, y su destructiva carrera "final" marca un punto de no retorno para él. Siendo en esencia una oportunidad de libertad y redención para Dom, ese momento determina su futuro en la saga. Esperamos que dar vida a la feroz versión modificada de su auto deportivo eminentemente estadounidense en versión LEGO® Technic™ te transmita el espíritu de las carreras de cuarto de milla.

WELCOME TO THE GARAGE

Designing buildable, true-to-life car replicas of this caliber is just the type of challenge that drives LEGO® Technic™ designers. We explored every detail of Dominic Toretto's striking 1970 Dodge Charger R/T and went full throttle with authentic functions.

The rear-wheel drive is built with a Cardan shaft with differential, and you've got working steering, independent suspension on front wheels and fixed-axle suspension on rear wheels. The front hood opens to reveal the working V8 engine and chain-driven compressor. The two LEGO Technic NOS (Nitrous Oxide System) tanks in the rear are guaranteed safe for indoor use. Inside, a fire extinguisher, detailed dashboard, steering wheel, gear lever and chrome details complete the look.

BIENVENUE AU GARAGE

Concevoir des répliques de voitures de ce calibre pouvant être construites tout en étant réalistes est exactement le type de défi qui motive les concepteurs LEGO® Technic™. Nous avons exploré chaque détail de l'impressionnante Dodge Charger R/T de 1970 de Dominic Toretto et avons mis la pédale au plancher avec des fonctions authentiques.

La traction arrière est assurée par un arbre à cardan avec différentiel, et vous disposez d'une direction fonctionnelle, d'une suspension indépendante sur les roues avant et d'une suspension à essieu fixe sur les roues arrière. Le capot avant s'ouvre pour révéler le moteur V8 et le compresseur à chaîne fonctionnels. Les deux réservoirs LEGO Technic NOS (système d'oxyde nitreux) à l'arrière sont garantis sans danger pour une utilisation en intérieur. Dans la voiture, un extincteur, un tableau de bord détaillé, un volant, un levier de vitesses et des détails chromés complètent le modèle.

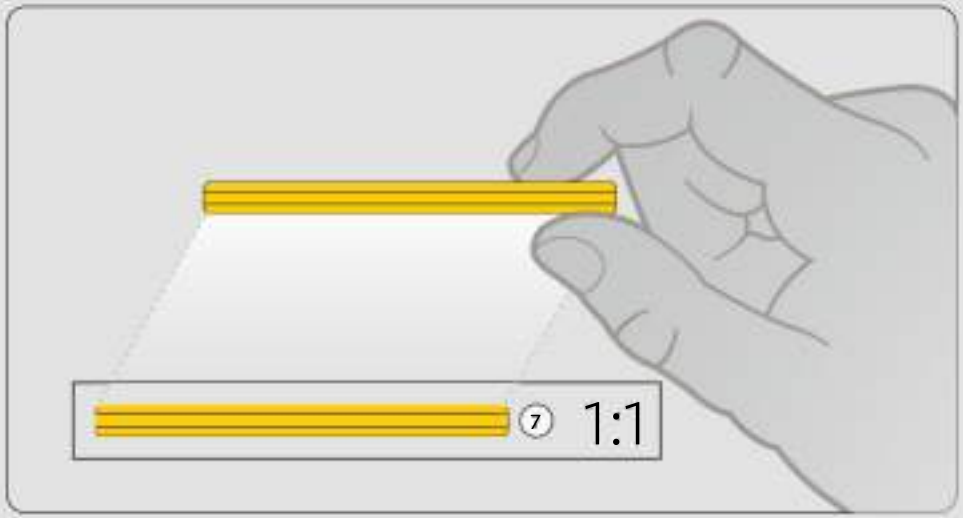

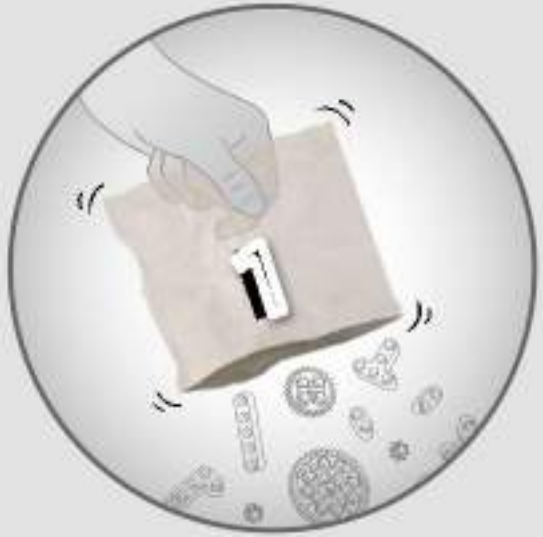

TE DAMOS LA BIENVENIDA AL TALLER

Diseñar réplicas construibles de autos con este nivel de realismo es precisamente el tipo de desafío que impulsa a los diseñadores de LEGO® Technic™. Exploramos cada detalle del impresionante Dodge Charger R/T de 1970 de Dominic Toretto y aceleramos a fondo con la autenticidad de sus funciones.

El sistema de tracción trasera cuenta con flecha cardán y diferencial. Además, el modelo presenta dirección funcional y suspensión independiente en las ruedas delanteras y de eje rígido en las ruedas posteriores. El cofre delantero se abre para revelar el motor V8 funcional y el compresor accionado por cadena. La ubicación en la parte trasera de los dos tanques de NOS (nitrous oxide system, sistema de óxido nitroso) LEGO Technic garantiza que sea seguro usarlos desde la cabina. También hay un extintor, un detallado tablero, un volante, una palanca de cambios y detalles cromados que complementan el impresionante espacio interior.
