com • fort zone

noun | a place or situation where one feels safe or at ease without stress

Comfort Zone™
by ULTRACOMFORT

Comfort That's Patented

The Comfort Zone by UltraComfort offers a stress-free reclining experience by providing up to five patented and supportive positioning zones that can increase your body's wellness and optimize the feeling of comfort.

LOWER BODY

Zone 1 helps provide ergonomic relief to the muscles and joints in your lower body with the four-way motion of the seat and adjustable footrest.

UPPER BODY

Zone 2 allows stress and strain to be released from your upper body by adjusting the backrest to suit your needs. This combined with Zone 1 creates our patented positioning.

HEADREST

Zone 3 helps relieve strain or tension with an adjustable headrest that supports the natural positioning of your neck, shoulders and spine.

LUMBAR

Zone 4 offers adjustable lumbar support to help take pressure off your spine while giving your lower back muscles a chance to rest and rejuvenate.

ECLIPSE TILT

Zone 5 helps to encourage circulation, release muscle tension and alleviate joint pain with the first-of-its-kind, **PATENTED Eclipse Tilt**. This feeling of weightlessness moves you into a zone of comfort that you never felt before!

Level Up Your Comfort Experience and Add One of These Luxury Heat Options!

OPTION 1: FAR INFRARED HEAT

FAR INFRARED HEAT FOR YOUR BACK, SEAT & LEGS

Like a ray of sunshine, this innovative technology produces invisible Far Infrared heat waves that deliver healing warmth up to three inches deep into body tissue where it is most effective. Using HeatWave Technology™ helps us feel more relaxed, get better sleep, and react to stress in a calmer way throughout our day.

Standard on the UC472.
Available as an optional feature
on the UC799, UC564, UC562,
UC556 & UC520.

Possible Benefits of HeatWave Technology:

- Promote Overall Mind & Body Wellness
- Provide Pain Relief
- Enhance Relaxation
- Improve Circulation
- Reduce Anxiety
- Stimulate Cellular Recovery

OPTIONS 2 & 3: HEAT & VIBRATING MASSAGE

Ambient heat paired with vibrating massage provides a relaxing experience that can soothe sore muscles and provide a feeling of relaxation and warmth. Allow the vibration of the massage to stimulate the nerves while the heat encourages tight muscles to relax.

DELUXE OPTION

- Heat in the lumbar with two settings: Low & High
- Four vibrating massage motors: two in the lumbar & two in the seat
- Two vibration settings: Wave & Pulse
- Adjustable massage intensity & speed

Available on all domestic models except the UC480, UC340 & UC830.

BASIC OPTION

- Two vibrating massage motors in the lumbar
- Heat in the lumbar

Available on the UC480, UC342 & UC340.

Luxurious Fabrics - There Is Nothing Softer Than Brisa®

As the world's most outstanding breathable performance fabrics, Brisa® and Brisa® Distressed deliver unmatched comfort and durability. Butter soft, your new chair will be the most sought after seat in your home. With a supple hand, softly textured aesthetic, and inherent ventilation system to promote air circulation, Brisa and Brisa Distressed are simply designed to do more.
