ASSEMBLY INSTRUCTION

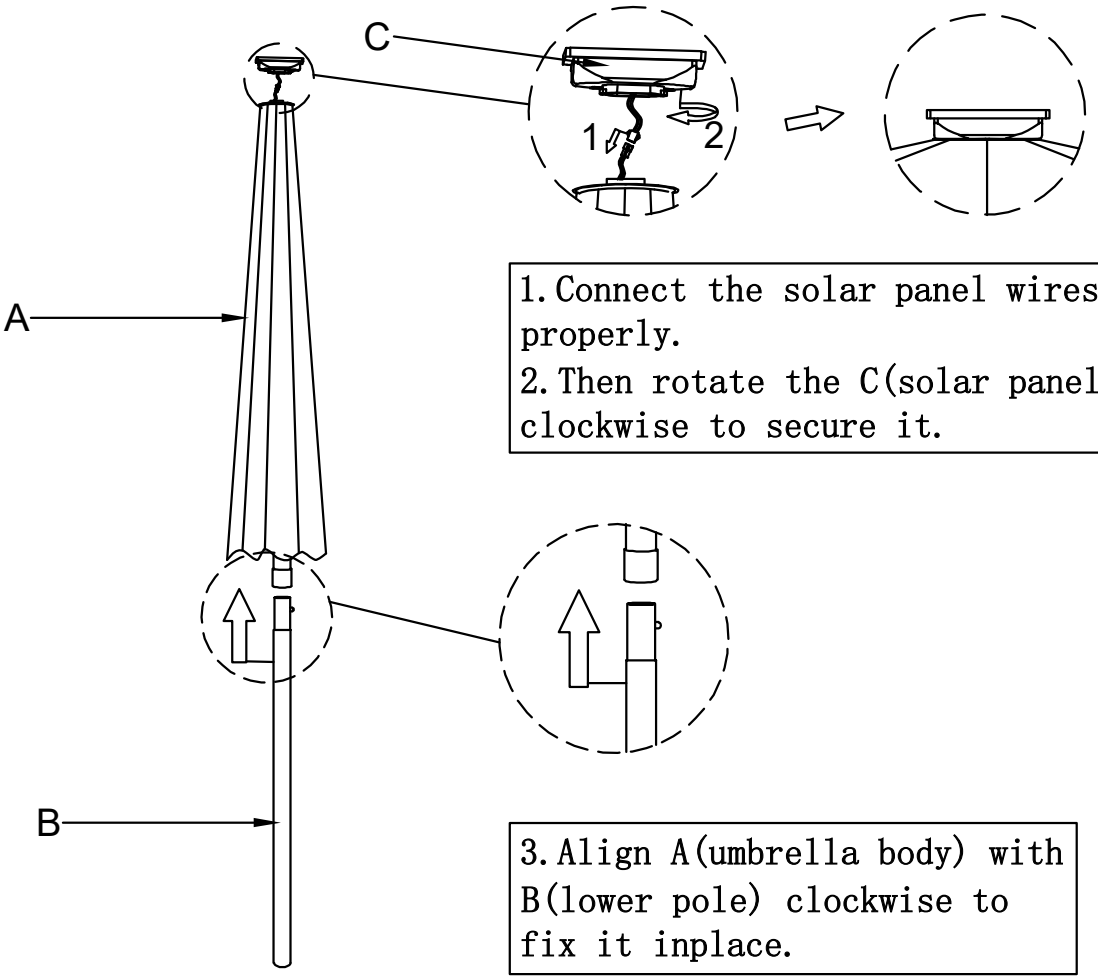

Assembly Instruction

Parts List

NO.	Picture	Description	QTY
A		Umbrella Body	1
B		Lower Pole	1
C		Solar Panel	1

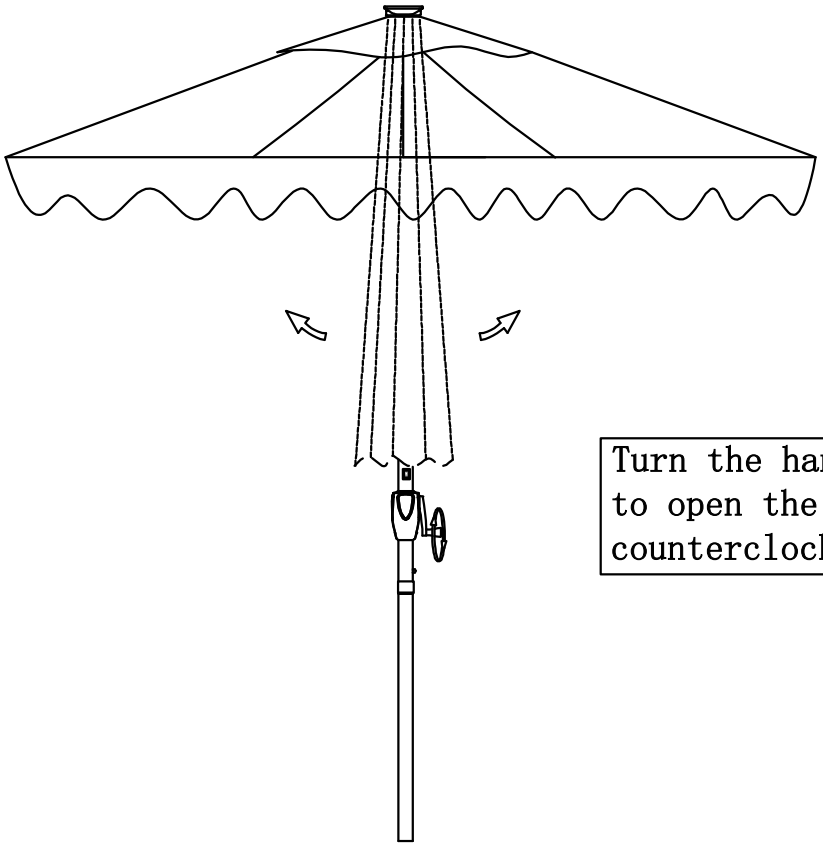

STEP 1

1.Connect the solar panel wires properly.
2.Then rotate the C(solar panel) clockwise to secure it.

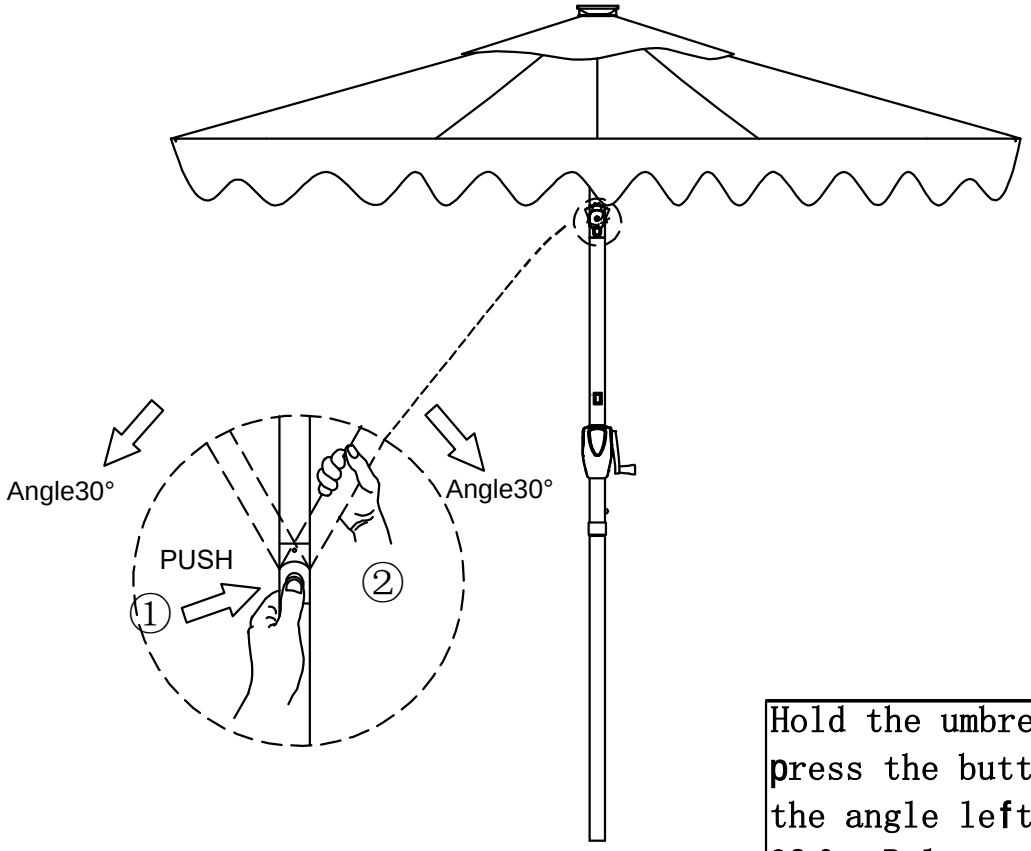

3.Align A(umbrella body) with B(lower pole) clockwise to fix it inplace.

STEP 2

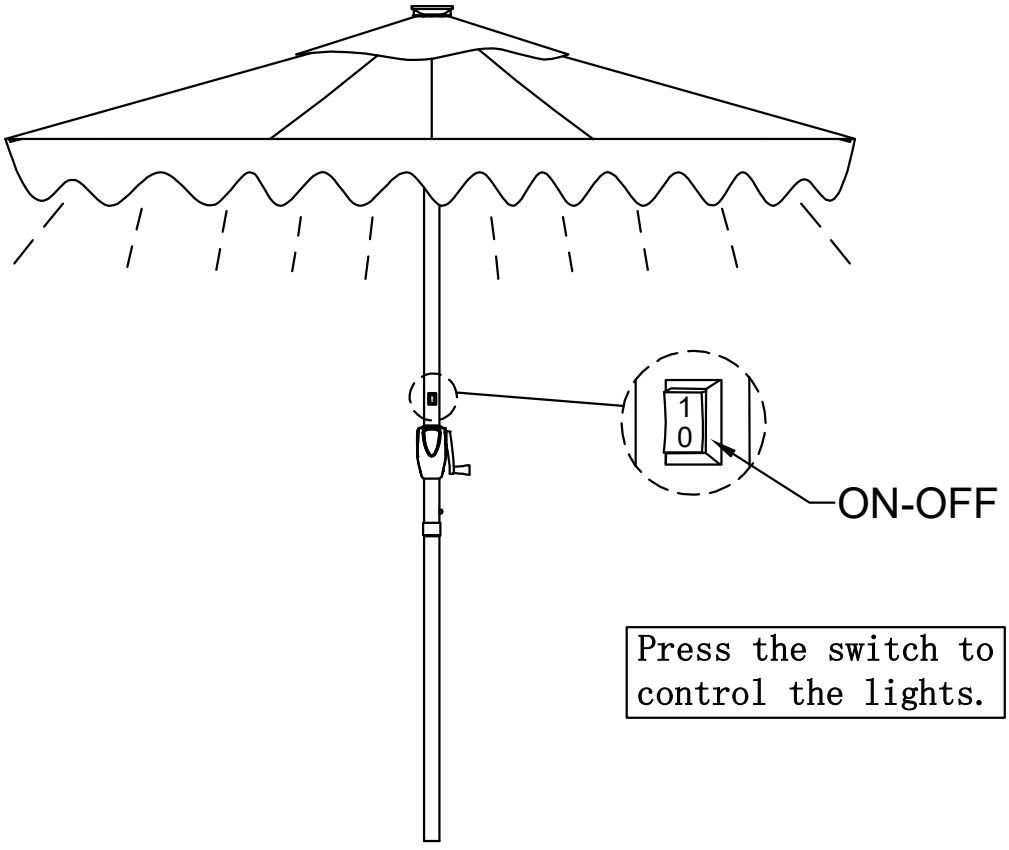

Turn the handle clockwise to open the umbrella, counterclockwise to close it.

STEP 3

Hold the umbrella body (A), press the button, and adjust the angle left or right up to 30°. Release the button to lock the position.

FINISH

Press the switch to control the lights.
