

FEATURES

Frame design and engineering is dictated by the furniture style but all share in the following components:

FRAME CONSTRUCTION

Warranty - Lifetime of product. For the purpose hereof, lifetime shall mean Seven (7) years after the date of the original purchase.

*** Frames** - Consist of a variety of domestic wood species. Hardwoods are used in all stress areas.

All wood used meets US safety standards -including Formaldehyde and pest control.

***Stress Joints** - Are corner blocked, stapled and glued for added strength.

***Padding** - Dacron polyester padding on all outside arms and back rails to prevent wear from direct contact with the wood frame.

***Trim Flex Padding** - On front of rail, creates a soft edge and a recessed seat deck.

SPRINGS

Warranty - Three (3) years from original date of purchase.

***No Sag 8.5 gauge sinuous coated wire** - is evenly spaced at 4" promotes even seating and added stability and weight distribution.

***Teflon coated metal clips** - prevent metal on metal, rubbing and squeaking.

***Coated cross wires** - prevent spring separation.

BACK CUSHIONS & TOSS PILLOWS

Warranty - One (1) year after the date of original purchase.

*** Standard Backs / Toss Pillows** - Silicone coated polyester blown fiber in a polydacron bag to prevent "clumping," matting, and fiber from migrating through to the fabric surface.

***Pluma Plush Toss Pillows** - 100% Water Fowl feathers encased in a "Featherbarrier," 205 thread count, 100% cotton bag. *(Only available on certain styles)*

***Tubular steel construction** - for maximum durability.

***5" Memory foam mattress** - made with high quality mattress ticking adds comfort and support.

***Recessed lumbar support bar for added comfort.**

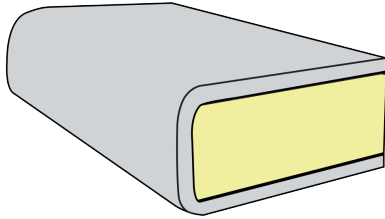

***TV headrest.**

STANDARD FRAME

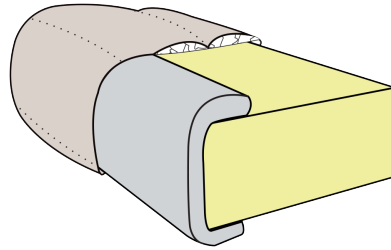

SEATING: Warranty - Three (3) years from original date of purchase:

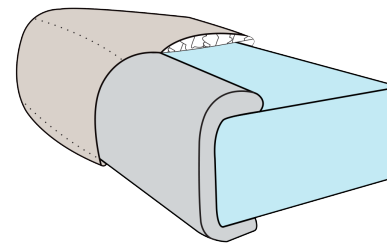

STANDARD SEATING (SS)

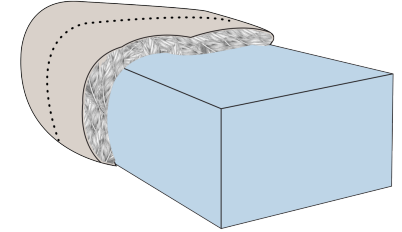

CHANNELED SEATING (CS)

SUPER PLUSH SEATING (SP)

PLUMA PLUSH SEATING (PP)

	SS	CS	SP	PP	
1.8 Density HR	●	●		●	Provides lasting, more comfortable seating
1.9 Density HR			●		Luxurious softness with enhanced durability
Low melt Dacron Wrap	●	●	●		Lessens flattening
Encased in channeled, fire resistant down proof bag filled with silicone coated blown fiber		●	●		Channels help maintain cushion loft and prevent shifting of fiber
Encased in a "Featherbarrier," 205 thread count, 100% cotton bag filled with 100% Water Fowl feathers				●	Aids in preventing feathers from migrating through the fabric surface
Reversible (most styles)	●	●	●	●	Promotes even wear and seat resiliency

Important things to know about seating:

Softening of seat cushions over time is a part of the "maturing process" and is not considered a defect. Fluff cushions as you would a pillow. Loose cushions should be flipped and rotated frequently for even wear and to prolong resiliency.
