Dimensions

Depth	23 3/4"
Height	A 71 13/16"
Width	B 35 21/32"

Features & Benefits

- Clever energy**
Your fridge adapts to daily use by cooling and defrosting only when needed. This means your fridge uses the energy it needs without compromising on food care.
- Ice maker**
Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times, you can boost ice production by up to 30%.
- Design quality**
Our fridges are designed and built using quality materials. We use real stainless steel on our fridges and solid glass for shelving.

Easy installation
Our integrated products are easy to install, whether you are renovating your kitchen or designing a new one. Our fridges are designed for minimal gaps with adjustable front and rear feet to allow for uneven floors alongside adjustable door panels that can be customized to match your kitchen.

Easy cleaning
No more permanent dirty marks with our EZKleen feature for stainless steel fridges. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.
