Step 1: Remove all drawers from Pedestal (A).**Note: Do not replace drawers while desk is upside down.****To remove Box drawers (smaller, rectangle drawers): Fully extend drawers and gently roll drawer up and out.****To remove File drawers (larger, square drawers): Fully extend drawers, simultaneously press down lever on right side of drawer and pull up lever on left side of drawer. Slide drawer straight out of the track.**

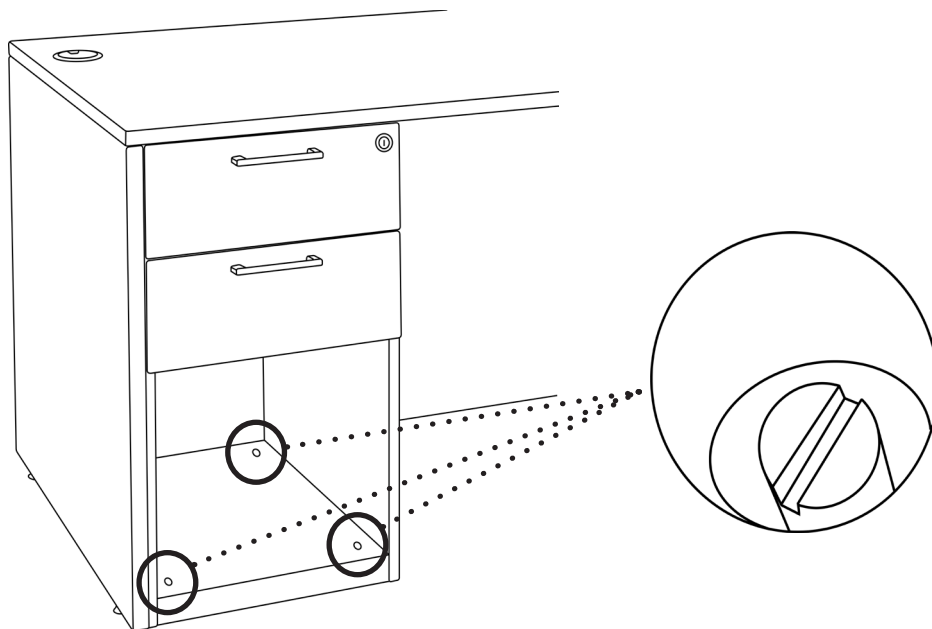

Step 2: Thread Thumbscrews (B) through holes on Desk top and Pedestal (A).
Align Pedestal with pre-drilled holes on the underside of the desktop and attach.
Do not tighten Thumbscrews until all four are in place and pedestal is aligned flush with the side of the desk.

LPBF22XX Model Only: Attach Corner Brackets (C) to the underside of the Pedestal (A) and side of desk with Screws (D).

LPBBF22XX and LPFF22XX Models Only: Adjust leveling glides to bring Pedestal (A) level with desk shell. With the desk upright and drawers out, use screwdriver to rotate glide through the bottom of Pedestal (A) until level.

Rotate clockwise to raise glides and counter-clockwise to lower glides.
