Breakthrough Innovative Technology

VOICE CONTROL COMPATIBILITY

Have control over your massage and your chair, just by using your voice.

Brushless DC Motor

A smaller, faster motor outputs more power with less friction and noise, extending the life of your chair.

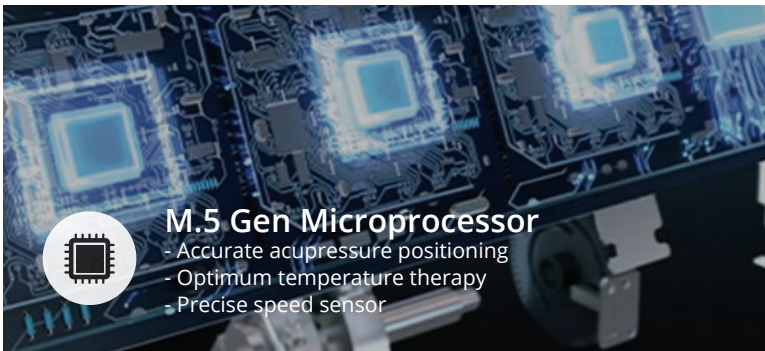

M.5 Microprocessor

The M. 5 Gen Microprocessor results in faster speed, higher accuracy, and a better massage. It can intelligently learn and adapt to personalize your massage.

QUICK ACTION MESSAGE

The quick action air compressor gives you an intelligent air squeeze massage on both arms.

M.5 Gen Microprocessor

- Accurate acupressure positioning
- Optimum temperature therapy
- Precise speed sensor

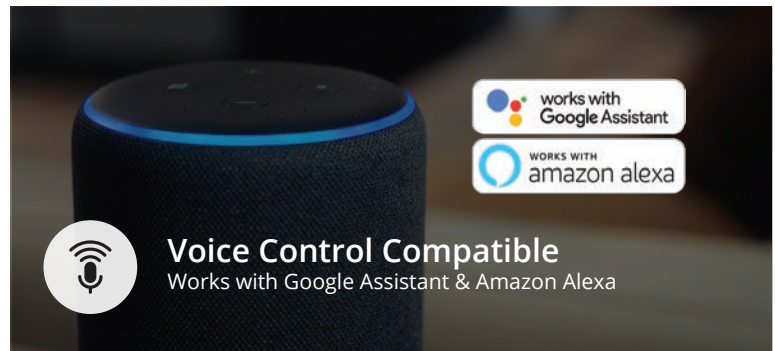

Brushless DC Motor

- Quiet operation for a peaceful massage
- Increased durability, less friction, and a longer lasting motor
- Maximized data computing for a smoother more precise massage

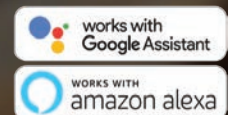

Quick Action Massage

Twice the power of air arm compression

Voice Control Compatible

Works with Google Assistant & Amazon Alexa

High-Tech Inside and Out

Inside the Qi XE, every experience is personal. An on-board assistant tracks usage patterns and preferences, integrating seamlessly with your digital life. Everything is tuned to your liking, from cueing up your favorite music to setting the perfect temperature for your arrival home.
