Assembly Instructions

Classic Balcony Table

AC50

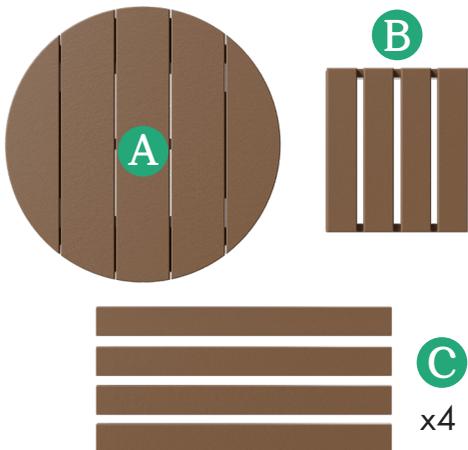

TOOLS

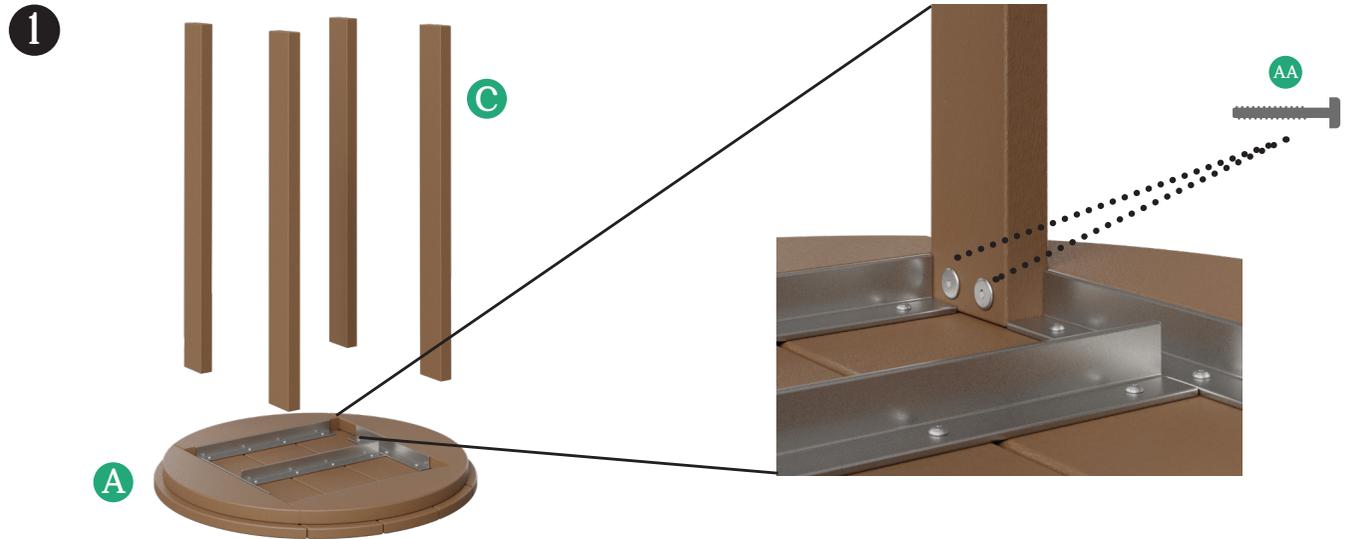

HARDWARE

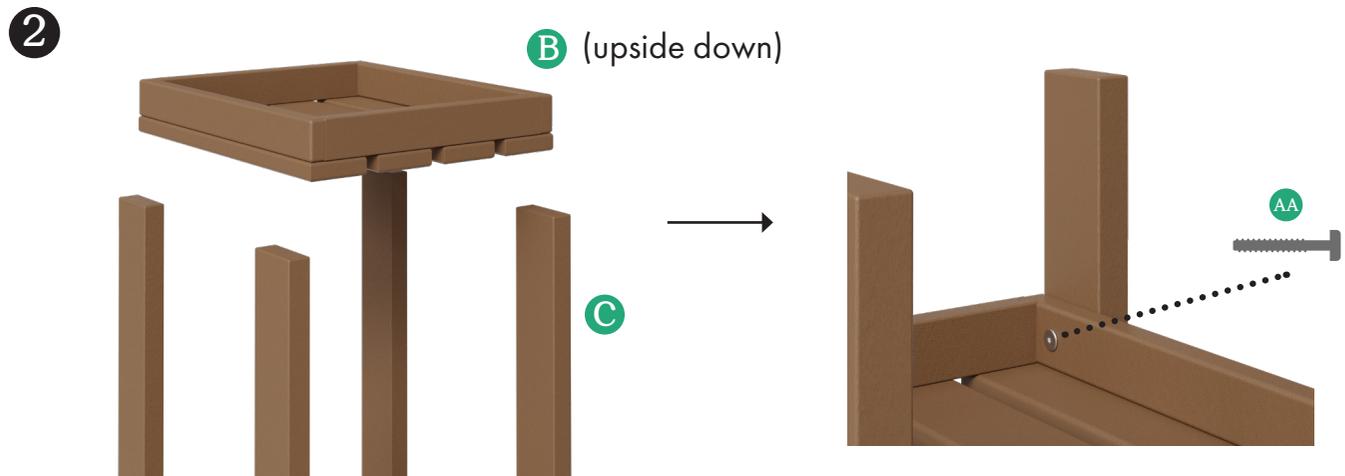

PARTS

Note before starting: wait until the whole piece is assembled to tighten the bolts.

With the table top (A) face down on the floor, place each of the four legs (C) in the corners. Use 8 1/4" x 1 3/4" wafer bolts (AA) to attach the legs as shown.

With the table legs still facing up, slide the shelf (B) between them and attach at the holes using 4 1/4" x 1 3/4" wafer bolts (AA) as shown. Shelf (B) should be upside down in this step to ensure it's correctly positioned when the table is turned over.

We hope you enjoy your new piece of furniture for years to come!
