GE® ENERGY STAR® 24" 4.3 Cu.Ft. Front Load Vented Electric Dryer with Stainless Steel Basket Model# GFD14ESSNWW

- Sensor Dry with dual thermistors - Continually monitors moisture and temperature to prevent clothing wear and tear that can result from over-drying and inconsistent heat
- 13 Dry Cycles - Delivers optimal drying results with a customized cycle for every load
- WiFi Capable - Monitor performance and checks cycle status using your mobile device. *Required ConnectPlus accessory part number PBX10W00Y0 sold separately
- Outlet for Washer - Provides an outlet for the washer for easy and flexible installation
- Reverse-a-door - Door opening can be reversed to meet laundry room needs
- My Cycle Settings - Dry clothes with the settings you prefer on any cycle, rather than the defaults, and store your settings for later use
- ENERGY STAR® qualified - Meets or exceeds federal guidelines for energy efficiency for year-round energy and money savings
- Delay start - Lets you do the laundry on your terms
- Extended Tumble - Tumble clothes without heat to help prevent creasing and wrinkling
- Quick Dry - Quickly dries items and small loads for families on the go
- 4 temperature selections - Pick the drying temperature you prefer for enhanced drying performance and fabric care
