Brand: Hooker Furniture

Product Description: With a simple and straightforward silhouette that evokes the heritage of artisan craftsmanship, the Big Sky Bachelor's Chest boldly contrasts a Vintage Natural wood case with a crosshatch texture on the drawer fronts in the charcoal Furrowed Bark finish. With three self-closing drawers, the top drawer has a removable felt liner. Both top drawers have finger grooves for opening on the drawer bottoms and the bottom drawer has finger grooves on top of the drawer and is cedar-lined. There's a power supply, along with a cord clip on the back.

Collection Features: The natural beauty and near mystical experience of the American wilderness inspires a spirited collection from Hooker Furniture, a celebration of dramatic vistas and the freedom to roam, a land of rough-hewn timber and towering snow-capped peaks, boundless plains, and cool, clear mountain lakes. Hooker brings home a dream of wide-open spaces and a life lived in tandem with iconic landscapes with furnishings that evoke the weight, heft and heritage of post and beam construction, the mark and artistry of true craftspeople, and substantive, thoughtful designs right for today. Watch for warm, rustic, hickory veneers and rich finishes like charred timber, dusk, and avalanche, organic textures, hand-forged hardware, and classic moldings for the traditional. The modern bent will gravitate toward the clean lines of waterfall edges.

Let's chat

planking details that speak to authenticity and the hand of the maker. Welcome to the peaceful, easy feeling of Big Sky. It's time to simply breathe.

Status: Active

Finish: Vintage Natural: a warm, rustic, organic finish over hickory veneers. Furrowed Bark, a charcoal finish with a crosshatch texture, is the featured finish on the drawer fronts. Distressing includes chopping, rock, drawknife, gauging, chain distressing and wire brush.

Features: Three self-closing drawers

Top drawer has removable felt liner

Power supply

Levelers

Cord clip on back

Both top drawers have finger grooves on the drawer bottom

Bottom drawer has finger grooves on top of drawer

Material: Pecky Hickory Veneers, Cedar, Resin and Solid-Wood Edged Top

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
