★ Celebrating ★  
**OVER 90 YEARS**  
Founded 1933

In **1933**, W. Ray Jackson founded Jackson Furniture in the midst of the Great Depression. We opened our doors the day the banks closed theirs. Since then our family has continued to create furniture, **right here in the USA**. We have seen decades of American prosperity, challenge, war and mind-blowing advancements in science and technology. **Our family** has never forgotten the way our company and country began, with **perseverance, hope and hard work**.

And throughout all of those decades of change, one thing remains constant: **Families love to relax together** in a room filled with comfortable furniture. That is where we have been, and will **always** be...from being huddled around a radio to being kicked back in front of a giant flat screen.

**American Owned. American Jobs.**

Proudly Created & Assembled in the USA Since 1933

*Leather Touch*

## Let the Kids have fun - Leather can take it.

"Leather Touch" is the registered name for Catnapper's deluxe line of upholstered furniture featuring luxurious top grain cowhide everywhere the body touches. Correlated with this is a premium synthetic leather on the outside and back. The comfort, strength, and durability of genuine top grain leather priced right for today's homes.

Every hide is uniquely enhanced by natural features that assure individuality. Much as a thumbprint, these features give each hide a unique character and should not be considered defects or deficiencies. These hallmarks of nature – supple wrinkles, folds, patterns and other natural range markings are authentic characteristics found only in the very best top grain cowhide.

# JACKSON WARRANTY

## The "Inside Story" on Quality Construction

1. Computer-Cut Wood Parts with extra glue and stapling guarantee a long-lasting framework to the sofa.
2. Steel Springs of 12-gauge heat tempered steel in the back and heavier 8-gauge steel in the seat provide strength, comfort and flexibility. Note: Back springs not applicable to every design.
3. Steel Tech Framing - our Exclusive Steel Rail and Stretcher System features thick steel spring rails, metal stretchers, computer-spaced insulated spring clips, and 8-gauge sinuous seat springs, offering the strongest foundation for long-term strength, stability, and seating comfort.

A woman with long brown hair, wearing a light blue long-sleeved shirt and dark blue jeans, is reclining in a brown upholstered chair. She is smiling and holding a remote control. The chair is positioned in front of a large window with white trim, looking out onto a green landscape. To the left of the window is a large green plant. The floor is covered with a light-colored patterned rug.
