

CALI[®] vinyl laguna

The New Wave of Luxury Vinyl

Laguna brings you the character and substance of hardwood in an innovative, waterproof luxury vinyl plank. With intricate oak grain textures and a palette of natural wood tones, boards transform rooms quickly and easily. At 54-1/2" long by 8-1/2" wide and 3/8" thick, boards feature a WPC core, making them thicker than your average vinyl plank, for extra durable flooring that is specially equipped to provide better sound insulation and softer, quieter, more comfortable steps. Easy to clean and enhanced with a 20 mil protective wear layer for sandy feet and paws, Laguna is ideal for active, fun-loving homes.
