**M1** 1-1/8" Allen Head Bolt x 13

**N** Plastic Crescent Washer x 12

**O** Wood Dowel x 26

**P** Anti-Tip Kit x 1 bag  
(Instruction and Hardware inside)

**Q** 1" Phillips Head Screw x 60

**Q1** 5/8" Phillips Head Screw x 40

**Q2** 1-1/4" Knob Bolts x 6

**X** Drawer Knob x 6

**Y** Allen Wrench x 1

# Furniture Care Instructions

## Room Climate Control

Wood, when first cut contains more than 50 percent water. When it is prepared for furniture construction it is placed in a Kiln and the moisture content is brought down to 8 to 10 percent. Wood is porous and responds to its environment. If the room has high humidity it will absorb it and expand and if the humidity is low it will lose moisture and shrink.

It is important that the humidity levels in the room be controlled from extremes of too much humidity or too little. Furniture should not be placed close to air-conditioning outlets, fireplaces, radiators, space heaters, humidifiers or dehumidifiers. Exposure to extreme variations of temperature and humidity can damage any fine wood product.

## The Ideal Environment for Fine Furniture

Fine wood furniture will have fewer problems when its environment is controlled at a temperature between 65 and 75 degrees and a relative humidity between 35 and 40 percent. Wood placed in an environment outside of those limits can and will shrink or expand and may develop some small cracks which are not material or structural defects.

## Sticking Doors and Drawers

With minor changes in temperature and humidity, doors and drawers may swell and be difficult to open or close. Tolerances have been built into the units but extreme conditions may still cause sticking. This will adjust back to normal over time but until it does, consider using a dehumidifier or rub candle wax or paraffin on the sides that stick.

## Avoid Direct Sunlight

Keep the furniture out of direct sunlight. Ultraviolet rays will fade colors and in some cases darken them. It can also cause crazing or hair line cracks in the finish. White finishes will yellow naturally over time and exposure to direct sunlight will hasten this natural process along with some woods darkening naturally over time; this is not considered to be a quality defect.

## Proper Storage

If you need to put your furniture in storage for any period of time, do not place furniture in a damp basement or hot dry attic. Allow air movement around the furniture and do not stack anything on it.

## In General

- Protect furniture surface from hot or extremely cold items.
- Use coasters under hot or cold beverages.
- Do not use synthetic fabric under accessories or lamps.
- Protect tops from pens, markers and crayons.
- Oils from potpourri and other scented items can damage the furniture finish.
- Do not drag items across the surface of the furniture.
- Allow the surface to breath by rotating your accessories and lamps.
- Do not over polish the furniture, do it only two or three times a year. Over polishing can distort the natural finish of the product.
- Do not wax the furniture as wax build up can destroy the natural finish of the product.
- When moving furniture always lift the unit. Do not push or drag it to avoid damage to the legs.
- Keep the furniture level so doors and drawers open and close freely.
- Clean with a damp, not wet, cloth. Use only a mild soap. Do not use abrasive cleaners.

# Assembly Step 1

E. Front Top Rail x 1

G. Lower Front/ Back Rail x 5

F. Back Top Rail x 1

○ Wood Dowel x 26

# Assembly Step 2

# Assembly Step 3

(M) 2" Allen Head Bolt x 6

(N) Plastic Crescent Washer x 6

(Y) Allen Wrench x 1

B. Right Side Panel x 1

# Assembly Step 4

**M** 2" Allen Head Bolt x 6

**M1** 1-1/8" Allen Head Bolt x 2

**N** Plastic Crescent Washer x 6

**Y** Allen Wrench x 1

A. Left Side Panel x 1

# Assembly Step 5

D. Top Panel x 1

(M) 2" Allen Head Bolt x 6

(M1) 1-1/8" Allen Head Bolt x 8

(Y) Allen Wrench x 1

# Assembly Step 6

Q1 5/8" Phillips Head Screw x 40

H1. Top Back Panel x 1 (Small)

H2. Bottom Back Panel x 1 (Large)

# Assembly Step 7

I. Top Drawer Front x 2

I1. Top Back Drawer x 2

I2. Top Left Drawer x 2

I3. Top Right Drawer x 2

L. Drawer Support x 4

K. Drawer Bottom x 2

Q 1" Phillips Head Screw x 20

Q2 1-1/4" Knob Bolts x 2

X Drawer Knob x 2

## TOP DRAWER (2 SHORTER BOXES)

Note: Grooves on Drawer Sides and Drawer Back should all face inward to allow Drawer Bottom to be inserted. Glides should be on the bottom outside of box.

# Assembly Step 8

J. Lower Drawer Front x 4

J1. Lower Drawer Back x 4

J2. Lower Left Drawer x 4

J3. Lower Right Drawer x 4

L. Drawer Support x 8

K. Drawer Bottom x 4

Q 1" Phillips Head Screw x 40

Q2 1-1/4" Knob Bolts x 4

X Drawer Knob x 4

## LOWER DRAWER (4 TALLER BOXES)

Note: Grooves on Drawer Sides and Drawer Back should all face inward to allow Drawer Bottom to be inserted. Glides should be on the bottom outside of box.

# Assembly Step 9

# Product Assistance Procedures

**You have purchased a quality piece of furniture. Our International team has spent many hours designing and engineering this piece and packaging to ensure you will be satisfied with your purchase. But if for any reason you need help with your purchase please contact us at any time.**

## **Procedures to follow should you have any questions:**

Most inquiries can be answered by visiting our website. There, you can order parts, find assembly instructions, and get answers to frequently asked questions on all of our brands.

You can also email us. In order for us to provide you with the best service possible, please include the following information in your email:

1. Your Name
2. Address
3. Phone Number
4. Item Number and description of your product
5. PO#
6. Production Date

All product information will be on the product label located on the back of all dressers and other furniture, and on either the inside bottom of the headboard, crib ends, or stabilizer bar of your crib, depending on which model you have.

Someone will contact you via e-mail or phone to help you with your issues.

If you do not have internet access, you can fax your information to us.

If you do not have internet or fax access, please call us at our toll free number.

Be sure to have all of the above information ready to give to your Customer Service Specialist.
