ENJOY A PREMIUM EXPERIENCE - COURTESY OF TCL

As part of its 115" Experience More Promotion, TCL is gifting unique entertainment experiences to the first 115 buyers of the all-new 115" QM89 that register it at TCL.com. After changing the paradigm in ultra large TV, TCL continues to lead the space with an industry-first mega 115" screen size, which is the world's largest QD-Mini LED TV. Through the 115" Experience More Promotion, initial owners of 115" TCL TV will make up the exclusive Club 115 and be provided the opportunity to attend Super Bowl LIX, from an official partner of the NFL, or choosing from five other experiences across sports, entertainment, music, gaming, and tech.
