## Care for Showerheads and Handshowers

Hold the sprayer 6"– 8" from the surface and spray the area.  
Wipe with a dry towel or cloth.

On unfamiliar surfaces, test in a small, inconspicuous area first.

[Buy Faucet Cleaner](#)

---

## Cleaning Tips

- Rub sprayface and nozzles with a soft, damp sponge or cloth. Run the water and repeat if necessary.
  - Never use an abrasive material such as a brush or scouring pad to clean surfaces.
-
