INSTALL ANTI-TIP FURNITURE SAFETY BRACKET !!! WARNING ! PREVENT INJURY!!

- 1. Find wall stud to attach bracket (A) vertically. First, place a bracket (A) at the suitable position. Before attaching plastic anchor (B) into the holes, mark and drill a hole through the stud by using 1/4" drill bit. Then attach the bracket (A) to the stud with the long screw.
- 2. As show below, attach bracket (A) horizontally to center of furniture back (direct below top) with the short screw (E).
- 3. Move the furniture to its final position. After threading the strap © through the bracket as shown, tighten until snug. Do not overtighen.
